### **Additional Rules & Regulations**

#### **Driver Age Limits:**

There is no age limit, drivers must be tall enough to fit comfortably in the karts.

#### **ABC Boards:**

**What is an ABC: An ABC means Advantage By Contact:** A driver has gained a position by making contact with another driver (gained an advantage by making contact) If this happens and ABC board will be shown to the offending driver **OR** a penalty will be applied after the race. This rule will be active during the A Final

#### **Contact Warnings:**

Driver making contact will receive a three-strike rule, this will be carried throughout a full racing round: The three-strike warning is as follows:

- . Contact Warning
- . Final Contact Warning
- . Minus Points

- If a driver makes totally unnecessary contact or deliberate contact they will move instantly to their third-strike, or be black flagged from the race

**\*What is excessive contact:** - Excessive contact is contact the Race Director believes is avoidable, for example a driver decided not to slow and to use the driver ahead as a brake in order to gain an advantage / loading a driver into a corner

#### **Weaving / Blocking:**

Drivers can defend their position; however **excessive** blocking will result in minus points or an ABC penalty for the defending driver.

**Race Destroying / Win preventing / Promotion Ending ABC:** If a driver ABC's another driver which the race Director believe is a "Race Destroying" ABC IE: Knocking a driver from 1<sup>st</sup> to last or an ABC where a driver looking to win promotion from the B or C Final or win a weekly round penalty points will also be applied along with the ABC, it's the Race Director discretion as to how many penalty points are applied.

#### **Championship:**

At the end of The Super League Championship, if a driver is joint on points the positions will be decided by number of round wins, if the result is still level it will be decided by the number of second place finishes, then third place finishes. If the drivers are still level the final result will be decided by the drivers fastest lap.

**RACE DIRECTORS DECISION IS FINAL**
